## WELCOME

With 2025 fast approaching it's that time of year again when we prepare for the year ahead! Before galloping into the New Year, I wish to take a moment to reflect on 2024!

A strong year overall with successes in, achieving 25 years in business, staff development across various course disciplines including our newest employee completing their level 3 apprenticeship, serving our customer needs at the peak of Driver CPC, and generally good health of all staff!

It hasn't been plain sailing however as budgets were tighter, for both us and our customers, the legal measures and restrictions from our awarding bodies and Government agents became more stringent, resulting in us all having to accept change and move forwards! With a little bit of extra effort, teamwork, and challenging ourselves to think outside the box, we have made it work successfully!

The mandatory introduction of the computer-based ADR exams during 2024 was initially daunting and uncomfortable, as we had to ensure the internet connectivity was strong enough to run exams online for 20 candidates as well as reassure those with little experience using a laptop computer that we could support them in this process. The overall feedback has been extremely positive, especially since the drivers now receive their results at the end of the week, with their ADR card being dispatched within 7 working days. The employer also benefits as their driver can transport regulated Dangerous Goods as soon as their ADR card arrives!

There are further changes afoot, throughout 2025, mainly with the introduction of the National Driver CPC (**NDCPC**), albeit small, yet complicated changes. Further details on these changes are explained in the following pages. The invigorating enhancements, issued by the DVSA affecting our ADR courses will impact some of our customers from March 2025 however we aim to minimise these whilst ensuring the integrity of the examination process is adhered to!

We look forward to another interesting and challenging year ahead, however, as always, we will be on hand to help all our customers, existing and new, to maintain their compliance, and provide expert guidance as required.

Finally, I'd like to take this opportunity to thank all our customers, suppliers, friends and colleagues for their business and support throughout 2024.

We wish you all a very Merry Christmas and a Happy New Year for 2025!

All the very best

Nicola Dugdale  
Managing Director

## FORKLIFT TRUCK

### OPERATOR TRAINING – IN-CENTRE

In our **purpose-built** training Centre in **Accrington**, there are 3 training bays available for your Forklift Truck Counterbalance and Reach Operator requirements.

Courses are held on a weekly basis on a maximum ratio of 3 trainees to 1 instructor. Courses are available for your new and existing operators or those who are looking to drive a different truck type as well as refresher candidates.

The course **duration varies** depending upon the **existing skill level** of the operator, so please contact us to establish your exact training needs.

If you know which course you require then please scan the **QR code** or click on the link below to take you to our course dates and availability:

<https://www.specialisttraining.co.uk/course-category/fork-lift-truck-training-in-centre-onsite-training/>

### OPERATOR TRAINING - CUSTOMER PREMISES

Training onsite at your premises can be more cost-effective, if you have more than one operator who requires training, or if your Forklift truck operations are restricted to limited operations, such as ground-level operations only!

We can provide training on various Mechanical Handling Equipment (MHE). This includes:

- ❑ Counterbalance – up to and over 15 tonne
- ❑ Powered Pallet Truck
- ❑ Sideloader
- ❑ Reach – up to and over 8m lift
- ❑ Order Pickers – up to and over 3m
- ❑ VNA
- ❑ Multi-directional
- ❑ Pivot Steer

Dates can be provided to suit, so please contact us by phone or email with your needs.

## FORKLIFT SUPERVISOR TRAINING

This **1-day** course provides an overview of the responsibilities for **supervising or managing** FLT operators in the workplace, even though they may not be operators themselves. The PUWER (Provision of Use of Work Equipment) Regulations state all supervisors of workplace equipment need to receive **adequate, relevant training**.

### Rider-operated lift trucks

Operator training and safe use

Approved Code of Practice and guidance

## \*\* NEW FORMAT\*\* INSTRUCTOR / EXAMINER TRAINING

The **RTITB Forklift Truck Instructor / Examiner** course, held at our **Accrington** approved training centre is suitable for those organisations who prefer to deliver the operator level training by their own in-house trainer.

**RTITB** have revamped their qualification with the changes taking place as of **June 2024**. The **changes** are mainly related to the **examination part** of the course, which involves:

- an online associated knowledge exam
- operating to instructor standard
- an in-class delivery
- a practical instructional ability
- a professional discussion

Candidates will be awarded an overall result of **Refer, Pass, Merit, Distinction**.

Course Title	Start Date	Duration	Location
Instructor – Initial	Monday – 17/03/2025	10 Days	Accrington
Instructor – Refresher	Monday – 24/03/2025	5 Days	Accrington

The qualification will remain valid for 5 years once all elements of the examination have been achieved. An in-house trainer will then be permitted to deliver training on the different truck types they have an operator certificate in.

**Excellent facilities and highly skilled and knowledgeable instructors.**  
Daniel Wilkinson – Altham Fabrications Ltd – Forklift Truck - October 24

## FIRE SAFETY

### FIRE MARSHAL COURSE

This 1-day course provides a basic understanding of Fire and the role of a Fire Marshal.

Our **industry expert** delivers this course which involves **theory** as well as a **practical** element whereby trainees gain experience in using a range of fire extinguishants to put out a live fire!

## MANUAL HANDLING

### MANUAL HANDLING

17% of non-fatal injuries reported to RIDDOR throughout 2022/2023 were due to handling, lifting or carrying.

This ½-day course covers the basic issues of the manual handling of materials, equipment and other everyday items in the workplace. It examines what injuries can occur during handling operations, how they occur and how they can be avoided or minimised.

### MANUAL HANDLING TRAIN THE TRAINER

This 3-day course is aimed at those organisations which may have a regular need for manual handling training at employee level and want to develop an internal training resource to meet that need.

During the course trainees will cover basic training and presentational skills, lesson planning, lesson delivery, while using Specialist Training’s own Basic Manual Handling course as a model to train towards.

Dates can be provided to suit, so please contact us by phone or email with your needs.

**Bernard, our tutor, was very helpful and kept everyone involved.**

**Daniel Riley – B M P Europe Ltd – Manual Handling - Oct 24**

**I’ve done the Fire Marshal training a number of times, but this was by far the most thorough.**

**Colin McCreary – Suez Recycling & Recovery Ltd – Fire Marshal - April 24**

## FIRST AID AT WORK

### INITIAL

This course is aimed at individuals who are new to First Aid or whose certificate has lapsed. It aims to provide the necessary **practical skills** and **confidence** to deal with a **first aid** incident within a **workplace setting**.

These skills are learnt via our hands on approach to training which involves lots of **role play scenarios**, to help keep up with the demands on first aiders.

Our **continual assessment** approach means skills are explained, demonstrated, practiced, and assessed throughout, as the course progresses. Trainees are presented with scenarios detailing some very realistic issues. We feel this type of situation gives the trainees increased confidence in their own skills and abilities, should they ever have to deal with a real-life emergency.

This qualification is valid for 3 years upon which a refresher course will be required.

## FIRST AID MENTAL HEALTH AWARENESS

This course is designed to **raise** an employee’s **awareness of mental health issues**. The subjects include understanding mental health and the stigma attached to it, recognising possible **signs** and **symptoms** of mental health issues in an individual and how to access **help** and information for those in crisis and need.

If this is something you are interested in, please get in touch to discuss your requirements.

According to the HSE (2022) Statistics:

Poor mental health accounts for more than half of all work-related illnesses. Around 51% of long-term sick leave is due to stress, depression, or anxiety.

**Good course and well presented, everyone was able to join in and take part.**

**Chris Harrison – Lancashire County Council – Emergency First Aid at Work - Sept 24**

**Really great 2-days. Lots of discussion support and Bernard was so informative on lots of different subjects.**

**Super interesting, I could listen to his stories for hours. Thank you.**

**Laura Fagan – Fagan & Whalley Ltd – First Aid at Work Refresher – Oct 24**

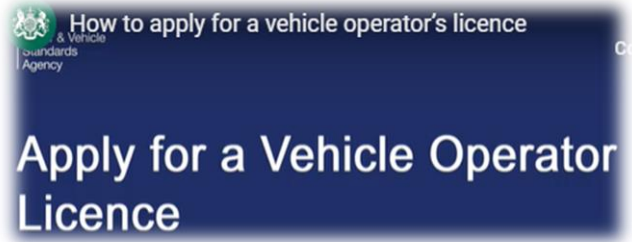

The First Aid Industry Body

## TRANSPORT MANAGEMENT OPERATOR CPC

All applicants for an **Operator's Licence for Road Haulage** vehicles must demonstrate "**professional competence**".

One of the ways to achieve this is by passing the **CILT** Transport Manager Certificate of Professional Competence examinations.

### INTENSIVE COURSE

This 10-day (9 days training plus 1 exam day) intensive public course follows the latest exam syllabus, which is based directly on Regulation EC 1071/2009. The course includes an exam preparation day for the two examinations, held at our **approved training centre**. Upon successfully passing the examinations, a certificate will be awarded by CILT (UK).

This qualification is aimed at individuals who want to:

- ❖ Enter the profession of Transport Manager, or
- ❖ Demonstrate their **professional competence** to meet Operator Licensing requirements.

Examinations will be conducted **online**, in the comfort of your **own home / work environment**. The exam location must however be suitable for examinations, **without distractions**, using a computer with **camera capabilities**.

### CPC REFRESHER / REGULATORY UPDATE COURSE

This 2-day intensive course is designed to **update** the **knowledge** of existing transport managers and other related transport professionals who already hold a CPC.

Traffic Commissioners recommend, as best practice every 3 years, to ensure managers are "up to date" in their transport knowledge.

Start Date	Duration	Location
<b>Monday – 24/02/2025</b>	<b>2 Days</b>	<b>Accrington</b>
<b>Wednesday – 07/05/2025</b>	<b>2 Days</b>	<b>Accrington</b>

**I really refreshed my knowledge. Excellent course.**

**Gemma Harrison – Senator International Ltd – Operator CPC Freight Refresher - March 24**

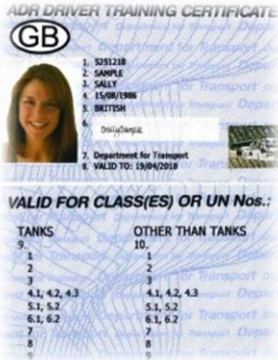

## DANGEROUS GOODS

### CARRIAGE OF DANGEROUS GOODS BY ROAD – ADR

This course is for drivers who **transport regulated dangerous goods** over certain load thresholds by road.

Drivers must attend a **Department for Transport (DfT)** approved course and pass an examination. Once passed, certificates are valid for 5 years.

The course is modular, covering all **9 classes** of dangerous goods including Explosives and Radioactives. Our public course can be tailored so the drivers only need to attend the modules they require.

Attendance on the course can also count for up to a maximum of **28 hours of Driver CPC training**, depending on the modules taken.

Since the introduction of **compulsory computer-based exams in April 2024**, drivers are able to get their results on completion of the full course. This has been hugely successful and beneficial to the driver, especially as the **ADR card is published within 7 days**, for those who have successfully passed.

## THE PETROLEUM DRIVER PASSPORT SCHEME – PDP THEORY & PRACTICAL

This course is an **in-work scheme** for drivers working in the Petroleum Industry.

Any driver completing their classroom training needs to be certain they will be able to **complete** their **practical assessment** within **four months**. The passport is **renewed every five years**, but also has an **annual practical assessment** and an **annual classroom training** requirement.

Dates can be arranged to suit your requirements, so please contact us.

## DANGEROUS GOODS SAFETY ADVISER – DGSA

The 5-day DGSA course provides attendees with an **extensive study** of the **National** and **International** Dangerous Goods Regulations.

The training is also a vital grounding for the preparation of an individual to carry out their duties as a 'real world' Dangerous Goods Safety Adviser.

The **Exam Preparation Day** is aimed at those who require **additional exam technique** practice. A valuable session for those who haven't sat formal examinations for some time.

The course prepares the individual to sit the **Scottish Qualification Authority (SQA) examinations** which are held **four times** a year.

Whilst a large part of the IATA Regulations do not apply, **section 1.6** (66<sup>th</sup> edition) does, which requires **'any person preparing or offering cells or batteries for transport must receive adequate instruction on these requirements commensurate with the functions for which they are responsible'**.

This 1-day course is suitable for those personnel who are responsible for the shipment of **Section II batteries only**.

Start Date	Duration	Location
Wednesday – 12/03/2025	1 Day	Accrington
Monday – 19/05/2025	1 Day	Accrington

## DANGEROUS GOODS AWARENESS

**Bespoke multimodal** Dangerous Goods Awareness sessions can be delivered for a group of your staff, ranging from a half day generic session covering all types of dangerous goods to a more detailed chemical class specific course, by all modes of transport, **road, sea and air**.

Courses are often carried out face to face, however these courses can also be carried out **ONLINE** if preferred. **Please call to discuss your exact training requirements.**

## DANGEROUS GOODS CONSULTANCY

Our Consultancy service is supported by **4 highly experienced** Consultants serving all sectors of Industry, from owner operators to blue chip companies carrying High Consequence Dangerous Goods (HCDG).

We tailor our Consultancy service to meet legislative requirements, along with the operational needs of the Company.

Whilst appointing a DGSA is only a **legal requirement for Road**, often, many customers also require **expertise** to cover **other modes of transport**, such as **sea and air**, which our consultants are also qualified to do, therefore providing a more **holistic approach** to the consignment of Dangerous Goods. We also have expertise in **rail and inland waterways** to cover all modes of transport!

For further information on our services please contact us.

**All aspects of the course were informative and of use. Dave was approachable and great as always. Excellent course and tutor.**  
Neville Johnson – Standard Fuel Oils – PDP –  
June 24

**I recently completed ADR training at the Wakefield venue with Autumn as the trainer. The course content was comprehensive, and very good. Would highly recommend and would use Specialist Training in the future.**

Michael McMahon – Private Individual – ADR – Sept 24

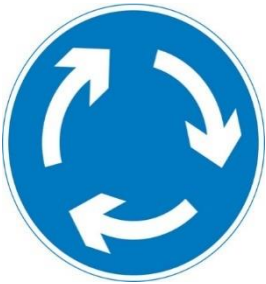

## DRIVER TRAINING

We offer several solutions to the challenges of **driver improvement**, from simple driving assessments, to help identify areas of development to a comprehensive driver development programme, where best practices to improve fuel efficiency can be implemented. Whatever your needs, please give us a call and we will provide potential solutions to help resolve your problems.

## DRIVING ASSESSMENTS

Driving Assessments can be **tailored** to individual requirements and can help give an organisation a **vital snapshot** on its drivers' skills and knowledge. Driving assessments can be carried out on a **variety of vehicle types**, using the **customer's own vehicle**.

These assessments can range from one-hour snapshots of a driver's abilities to full day in-depth assessments with corrective tuition.

## STANDARD ASSESSOR

The use of an **internal driving assessor** is a crucial addition to those organisations who need to demonstrate a **duty of care** for their driving staff. They also play a vital role in determining the **driving abilities** of any **potential new recruits**, in addition to the **regular driving assessments** of **existing staff**.

The course is 3 days in duration covering both theory and practical elements. Each candidate will play the role of the driver and assessor throughout the course.

**The Tutor was brilliant, professional & friendly. I found the course exciting, and I have increased my knowledge. There was a lot to learn but it was enjoyable all the same.**

**Ian Knox – Carlsberg Marstons Brewing Company – Standard Assessor Novice – July 2024**

## DRIVER CPC

**A new year and a new 5-year cycle (for the most) with changes from 3<sup>rd</sup> December 2024!**

As most of you will be aware the government consulted during 2023, on making changes to Driver CPC, to make it more flexible. The outcome from the Consultation is the introduction of a **National Driver CPC (NDCPC)** from 3<sup>rd</sup> December 2024.

The new **NDCPC** will be more flexible as the required 35 hours can be spread over 3.5-hour blocks instead of the current 7-hour courses. The downside to the **NDCPC** is that if a driver attends any **NDCPC** they will only be issued an **NDCPC** card on completion of all 35 hours irrespective of whether they have attended any 7-hour courses!

Attending our 7-hour courses, as shown below, will provide you with hours towards the **International Driver CPC (IDCPC)** and **NDCPC**.

- ◆ **ADR – Carriage of Dangerous Goods - up to 21 hours**
  - **DG 1**
  - **DG 2**
  - **DG 3**
- ◆ **ADR – Tanker Familiarisation – 7 hours**
  - **DG 4**
- ◆ **Emergency First Aid at Work – 7 hours**

Our Driver CPC modular courses, consisting of **4 x 3.5-hour modules**, suitable for **NDCPC** and **IDCPC** will cover a variety of subjects relevant to a driver's role.

A driver can attend **1 x 3.5-hour** course a day to gain a **NDCPC** or they can attend **2 x 3.5-hour** modules to gain the **IDCPC** which can be combined in pairs to make a 7-hour course. The modules we have available for 2025 include:

- ◆ **Regulatory Compliance (RC)**
- ◆ **Professional Driver Knowledge (PDK)**
- ◆ **Drug & Alcohol Awareness (DAA)**
- ◆ **Driver Health & Wellbeing (DHW)**

Both **NDCPC** and **IDCPC** will be available across our 3 locations, **Accrington, Warrington and Wakefield**
